Standard Product Details

You never know where the next big idea might come from, so everyone should have the ability to power up and participate. MS2 is a side-by-side solution for conference tables that provides access to power and data from both sides. And with MS2, power and data is totally concealable thanks to its one-touch access in an all-new, streamlined design. Scalable and customizable with Byrne's full line of technology accessories – the same used in our Mho – MS2 offers a generous array of options to suit your needs and keep meetings collaborative.

Standard Features:

- Concealable power and data
- Integrates into the worksurface
- Multiple Mho® units within a single grommet
- Each unit has its own power cord
- Requires cutout in surface
- Fluid one touch accessibility.
- Includes a Voice/Data Adapter Kit (BE01421) to accept couplers & jacks when required.
- Fits in tops 3/4" to 1-3/4" thick.
- UL Listed
- Available with Byrne spill-proof simplexes
- Configurations with four or more power receive a Circuit Breaker Cord

Additional power, data and finish options are available. Don't see what you're looking for online? [Just give us a call.](#)
