Product Number: BE03029TR-1-1-Z678-72

B Y R N E

Levity puts multitasking in a whole new light. This hardworking solution declutters any desktop by combining power, USB and task lighting all in one. Levity is seriously flexible – moving and bending to bring the light to you with a clever design that retracts when not in use. And it's adaptable, a great fit in private offices, conference rooms and open plan spaces. Levity at home? Meet your nightstand's new best friend. For power and lighting that's ready when you need it – and hides neatly away when you don't – Levity does it all.

Levity Standard Features:

- Minimal, organic aesthetics blend naturally with a variety of environments.
- Flush-mount storage: Collapses into work surface when not in use.
- Telescoping 'Antenna Style' Design: Adjust size of light pool using light source height.
- User-focused oscillating light source: Dual spherical joints at base and light source allow for 360 degrees of control.
- Power & data technology integration: Patented spill-proof power outlets and other various technologies can be specified and embedded into the base of the unit.
- Directly interfaces with furniture: Integrate directly into the work surfaces through standard cut-out sizes and simple installation. Entire product is enclosed in a single unit.
- ETL® Listed: Tested to meet UL153

Levity Technical Specifications:
