{HOSPITAL GRADE} Now we've got just what the doctor ordered, Hospital Grade power/data centers to complement just about any healthcare environment. Marked with a green dot and engineered to meet Hospital Grade receptacle requirements, Byrne's new simplex creates spill-proof, UL listed, PVC-free and attractive power/data centers for nursing stations, waiting areas, patient rooms and more. A truly healthy choice. A sampling of power/data centers available in Hospital Grade configurations can be seen below. Not for use in general or critical patient care areas. For a full list of options and to learn more, visit us at www.byrne-electrical.com.
