Hydra™

Powering open offices can be tricky, but Hydra delivers all the single desk power you'll ever need, wherever you need it—even in the middle of the room. And the best part? There's only one cord to plug in. Its unique design combines a streamlined power accessory that sits above the worksurface with a robust 4, 6, or 8-outlet utility box underneath. Available in an array of modern finishes, Hydra makes it easy to create a sleek look you'll love.
