

# BYRNE

## Concurrent™

\* Image depicts Concurrent with Hexplex & White Trippel.

### OVERVIEW

---

With access above and below the work surface, Byrne's Concurrent™ power solution delivers the safe, reliable, tangle-free power every workstation needs. On top, easy access outlets and fast-charging to power phones, laptops, and more. Underneath, utility power handles the stuff that stays plugged in – think printers, lamps, height-adjustable tables. And when it's time to replace your surge protector in a few years? Not to worry. Byrne's innovative SurgeSwap® Technology allows you to replace your surge protector with one simple cartridge, keeping your tech protected and safeguarding the environment too.

### FEATURES AND BENEFITS

---

- Single cord with 1 desktop power unit and 1 power strip below the desk
- Choose between two power strip sizes: Hexplex 6-outlets and Triplex 3-outlets
- Available with patented SurgeSwap, surge protection technology cartridge
- 1000-joule rating surge protection
- Discreet under-surface mounting
- 9-foot (108") power supply cord allows for easy installation anywhere in the room
- Power access is spread out, making it easy to locate, plug, and unplug devices and manage cords
