

Twine

BYRNE

Twine®

Sleek, flexible, and all-together nifty, this corded system delivers conveniently mounted, and below-surface power and USB to multiple users in a range of settings. Twine is what every extension cord would like to be when it grows up. With just one sleek infeed, this system can elegantly power up to 6 Byrne accessories. It comes in a stylish black finish with multiple integrated accessories available to suit your design needs.
