

A small brown Chihuahua dog is lying on a blue couch. Next to the dog is a white power strip with a cable plugged into it. The cable is plugged into a circular hole in the couch's base. The word "Nightcap" is written in a large, white, serif font across the middle of the image.

Nightcap

BYRNE

Nightcap®

Phones, tablets, laptops. When the need for access to power is so big, it may surprise you that our solution is so...small. Nightcap is perfectly positioned—and perfectly sized—to bring the power to you with a simple pullout design that's easily integrated into any desktop or piece of furniture. Ideal for soft seating, this powerfully convenient solution neatly stows away when not in use for a clean, concealed look. Nightcap is also available in a variety of fresh, on-trend colors and braided cord patterns—to happily blend or pop in any space.
