

# Hemisphere

BYRNE

# Hemisphere<sup>®</sup>

---

Fun, fashionable and little bit funky, Hemisphere is a great way to round out your power needs. Its punch of color, sleek, domed profile and smooth surface are just plain cool. The soft touch finish and circular simplex trio further underscores a modern yet playful attitude. Available in corded, hardwire and interconnect options. With functionality and personality to spare, Hemisphere takes well rounded to a whole new level.
