

Boho

BYRNE

Boho™

Sometimes, the best surprises are found just below the surface. Our compact Boho delivers a surprising amount of power with an unexpected twist - its cool, multi-directional hinge is able to open from either side, for easy access wherever you're sitting. Choose from 110 power, USB-C, or data with two windows on each slope, four plug-ins total. The innovative lid design can even be closed while in use for a clean modern look.
