

A man in a light-colored sweater and dark trousers is seated at a wooden table, looking at a smartphone. On the table is a laptop, a mouse, and some papers. A woman in a grey sweater and jeans stands to the left. In the background, a whiteboard displays the word 'BYRNE' at the top, 'INTERLINK IQ' in the middle, and a diagram below it. The diagram shows a box labeled 'BYRNE' connected to a larger box labeled 'INTERLINK IQ', which is then connected to a smaller box labeled 'BYRNE'.

Interlink iQ Kits For Training Tables

Versatile. Flexible. Functional. Phenomenal! Those are just a few words our customers use to describe our new Interlink iQ kits. Pre-kitted training table solutions that let you choose from a variety of Byrne in-surface accessories, solve for 60" or 72" inch tables, and lets you daisy-chain 2, 3, or 4 tables together in any arrangement you can imagine. Phenomenal, indeed!
