

BRANCHING TABLE KIT FEATURES

Thoughtfully designed, preconfigured power kits for shared spaces, that spread out individual access to power, with just one plug. Table Branching Kit options easily turn all kinds of tables into hardworking collaborative workspaces. From traditional conference rooms, to training environments, to dining room tables, getting together and getting things done requires serious access to power. With freestanding, table top power or multiple units mounted along the perimeter, it's easy to come together, spread out, and get to work.

- 15 Amp Corded Infeed
- Access to power where it is most convenient
- Multiple power units connected with one single cord
- Preconfigured kits designed to retrofit various types of shared tables
- Cord length and mounting styles designed to work with most small to medium training, dining and conference table sizes
- Cord management included
