

# BYRNE

## Garcia™

### OVERVIEW

Garcia is a low-profile, USB-charging solution that's great for charging smart phones and tablets. The included external power supply provides convenient power, and helps keep Garcia slim and sleek...perfect for the underside of any work surface or height-adjustable desk.

#### Edge Mount\*

\* Edge Mount not available for Single Port Garcia

#### Under Mount

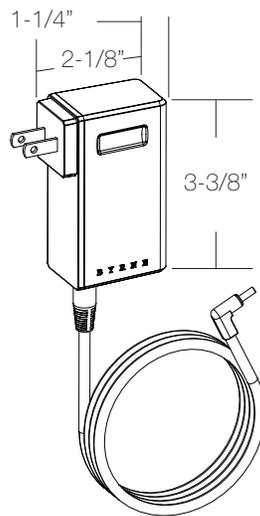

## EXTERNAL POWER SUPPLY

---

36W

Barrel connector  
Replacement part number  
BE04571-color-length

## FINISHES

---

Garcia is molded plastic and comes standard in Black, White, Storm, or Fog so it perfectly blends into many workstations. However, if you'd like a pop of color, we can do that too. Just ask your representative for more information.

A blue LED light lets users know that charging is available, and brightens when a device is plugged in. Garcia's mounting brackets are offered in powder coated white or black.

### Point of Use Device
